

## E-STRETCH HYPER • HAND ROLLS • BLOWN GRADE

E-Stretch is already pre-stretched in both directions so it is easier to apply than traditional stretch wrap. Pre-stretched film has less 'give' after you have wrapped the pallet so will provide greater load security. Very economical 600m rolls. No width reduction during the wrapping process means less wraps.

CODE	DIMENSIONS	COLOUR	QTY PER CTN	CORE TYPE
407ES	400mmx600m	Clear	6	Standard Core
407ESBK	400mmx600m	Black	6	Standard Core
407ESXT	400mmx600m	Clear	6	Extended Core
MW10BL	400mmx600m	Blue	6	Extended Core

## E-STRETCH HYPER • HAND ROLLS • CAST GRADE

CODE	DIMENSIONS	COLOUR	QTY PER CTN	CORE TYPE
