

Supplier Compliance

Statement – PPWR

Supplier: WP Industrial Ltd T/A Wessex Packaging
Address: 26 Mead Avenue, Yeovil, Somerset. BA22 8RT

Regulation (EU) 2025/40 on Packaging and Packaging Waste

Wessex Packaging continually monitors the regulatory and compliance requirements applicable to the packaging products supplied to its customers.

Based on the information and supporting documentation available from our supply chain, Wessex Packaging confirms that the packaging supplied complies with the applicable requirements of Regulation (EU) 2025/40 (PPWR) currently in force.

In accordance with Article 16 PPWR, Wessex Packaging, when acting as a supplier, maintains and provides the information and documentation necessary to support its customers in demonstrating conformity with the applicable PPWR requirements. Relevant supporting compliance evidence can be provided, and Wessex Packaging will cooperate in the provision of the relevant documentation within the applicable regulatory timeframe.

The supporting documentation received from Wessex Packaging's suppliers forms part of our confidential supplier records and contains commercially sensitive information. If there is a specific PPWR requirement for which you require additional information (e.g. Article 5), please let us know, and we will support your compliance obligations without disclosing commercially confidential information.

The provision relates to Article 15(8) on manufacturers or Article 18(8) on importers of Regulation (EU) 2025/40: where *"The relevant documents shall be made available within 10 days of receipt of the request from the national authority"*. This supports the requirement where the documentation must be prepared and retained, but is made available in response to a regulatory request, rather than routinely submitted to authorities/or a portal.

This Statement of Compliance does not constitute the EU Declaration of Conformity (DoC) where Wessex Packaging is not the manufacturer of the packaging. Under Articles 15, 38 and 39 and Annex VIII of the PPWR, the manufacturer is responsible for the conformity assessment and for drawing up the EU Declaration of Conformity.
